

Hey there Sara,

Yes, I have been very busy these past few months. I am preaching for a small congregation about 5 miles from our house. I enjoy it, but wish I could be in a larger congregation. The folks are sweet; I am working with two couples that are not members of the church. They have been coming fairly regular. Pray for me that they will soon accept Christ into their hearts.

I wish you were closer to us. Our garden is producing so much food. We have potatoes, onions, beets, cucumbers, corn, squash, egg plant, tomatoes (by the basket full), green beans, shellie beans, peas, oka, and etc... It is keeping us busy to can and freeze it.

I have to ask you for my sign in information and password to get into the alumni web page. I had it written down, but have not used it very much. I plan to start and try to contact some that I have know and let us encourage one another.

It has been hot here too. We were dry for a while. I had to water my garden every day. But the last two weeks we have had over 4 inches of rain. Sunday morning about 6am. we had a heavy rain, about 2 inches in a short time. The garden has perked up and the grass is growing.

Just a note.....I have not forgotten you all there at IBC. I still think of my college as that. If it had not been for my time there, I believe that I could have lost my soul. It was at a time that I needed to feel like God wanted me to do something and after spending five years in that great environment, I got closer to the Lord. Tell Dennis that I have not forgotten about my "Heritage". I love you all and may God continue to bless you..

Let me hear more about how things are going at Heritage.

In Christian love, Jerry Bell
