

## **Parental Notification**

A Family Educational Rights and Privacy Act (FERPA) amendment adopted in the fall of 1998 permits colleges and universities to inform the family of a student under age 21 when their student has been found in violation of university alcohol and drug policies and/or in the case of a health or safety emergency. Heritage Christian University's Student Conduct procedures include parental notification once a student under the age of 21 has been found in violation of an alcohol or illegal drug policy.
